Kansas City, Feb. 13.-After continning for 25 hours, and breaking all records, the blizzard suspended operations at 10 o'clock Monday morning, so far as the snow accompaniment was concerned. A brisk wind was still blowing from the north and, though the mercury was not low, being 14 above zero, the indications were for much colder weather. The snow lies 16 inches on the level and is badly drifted. All street car traffic is suspended and the fortunate possessors of carriages and sleighs have gathered a parvest in quarters and half dollars by conveying persons of both sexes from their homes to their places of business. running. All trains, both from the east and west, were greatly delayed.

New England. Boston, Feb. 13 .- At noon Monday the blizzad was still raging. At 3 a. m. it was at its height. The wind was blowing from the northeast at the rate of 60 miles per hour, and the thermometer was 20 above zero. From that time the wind abated somewhat.

The observations of the weather bureau show that the storm was severest along the coast and in southern New England. In northern Vermont only three inches of snow fell, while at East-

port, Me., only a high wind touched. Chicago. CHICAGO, Feb. 18 .- A blizzard of the

most approved pattern with snow, sleet and an energetic wind swept down on Chicago Sunday night, and Monday raged with constantly increased violence. Great snow drifts blocked the streets. Suburban trains were delayed and snow sweepers were kept constantly in use to prevent stoppage of the structural lines, traffic on which was badly delayed. The blizzard was the most severe that has visited Chicago for many years. At noon Monday the wind was blowing at the rate of 70 miles an hour with in-

dications that the storm would continue through the night with the coldest weather of the year.

The incoming trains were from one hour to two hours late and the roads were becoming worse blocked. The wind rushed around the down town corners
